

14th International Conference and Exhibition on Nanomedicine and Pharmaceutical Nanotechnology

(Short Name: NanoMed 2018)

April 09-11, 2018 Amsterdam, Netherlands

[Conference Series Ltd](#) organizes highly notable [pharmaceutical conferences](#) throughout the world. Currently we are bringing forth “[14th International Conference and Exhibition on Nanomedicine and Pharmaceutical Nanotechnology](#)” (**NanoMed 2018**) scheduled to be held during **April 09-11, 2018 at Amsterdam, Netherlands**. The conference gathers all the participants across the globe to attend and share their insights and convey recent developments in the field of Pharmaceutical Nanotechnology and Drug delivery. The main theme of the conference is “**Emerging Importance of Nanomedicine & Nanotechnology to Drive the Pharma Industry**”.

[NanoMed 2018](#) aims to bring together leading academic scientists, researchers, research scholars, fellow key decision makers and experts all-around the Academic Institutions, Healthcare Institutes, [Pharmaceutical](#), Biotech, [Biomedical](#), [Formulation](#) scientists and researchers making the congress a perfect platform to share experience, foster collaborations through the research talks & presentations to put forward many thought provoking strategies. It's a perfect stage to brainstorm, discover new ideas, search for new skills and a platform to show your capabilities and discoveries to the world. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions opted in the fields of [Nanotechnology](#) and Nanomedicine.

Conference Highlights:

Nanomedicine and Biomedical Applications, Design of Nanodrugs, Design & characterization of Nanosystems, Nanomedicine and Nanotechnology, Pharmaceutical Nanotechnology, Synthesis of Nanoparticles for Drug Delivery, Regenerative Medicine and Tissue Engineering, Drug Delivery Research, Novel Drug Delivery Systems, Smart Drug Delivery Technology, Nano Pharmaceuticals, Nanobiotechnology, Graphene Medicine, Personalized Nanomedicine, Nanomedicine & Cancer, Regulatory Aspects Towards Approval of Nanomedicine and Pharmaceutical Nanotechnology and Nano Pharmaceutical Industry and Market.

Who should attend???

With members from around the world focused on learning about Pharmaceutical Nanotechnology and the most recent techniques, developments, and the newest updates in this field; Target audience expected for this conference include Pharmaceutical Nanotechnology Industries, Food Nanotechnology research institutes, Nano scale device Manufacturing Companies, Pharmaceutical Faculty, Pharmaceutical Nanotechnology Associations and

Societies, Pharmaceutical Researchers, Pharmaceutical students, scientists, Nanotech Business Entrepreneurs, Consultancies offering nanotechnology courses and many more.

5 Good Reasons Not to Miss NanoPharma 2018

1. You can listen to world-renowned speakers.
2. The program focuses both to scientific value and impact on the industrial world.
3. You can meet companies and stakeholders in the nano field.
4. Hot news: focus on start-ups with the event #FtoM: From the Lab to the Market.
5. You can reach Venice in 10 minutes from the Conference Center.

About Organizer:

Conference Series LLC organizes a conference series of 3000+ Global Events with over 1000+ Conferences, 1200+ Symposiums and 1200+ Workshops in USA, Europe & Asia with support from 1000 more scientific societies and publishes 700+ Open access journals which contains over 30000 eminent personalities, reputed scientists as editorial board members.
