

BRITISH SOCIETY OF TOXICOLOGICAL PATHOLOGY

Virtual Continuing Education Symposium 6: Male Reproductive System

5th – 14th July 2022

Tuesday, Wednesday and Thursday

13.00 – 16.30/17.00 (GMT+1, London/UCT+1)

**EARLY BIRD
REGISTRATION**

CES 6 will be held over two weeks - on the afternoons of Tuesday 5th, Wednesday 6th, Thursday 7th, Tuesday 12th, Wednesday 13th and Thursday 14th July 2022, from 13.00 – 16.30/17.00 (GMT+1, London/UCT+1) each day.

Registration is still open, with places filling up fast – 75% of the places have now been taken! Early bird registration ends at midnight on 3rd June 2022 – with registration closing at midnight on 17th June 2022.

Continuing Education Symposium Objective:

The aim of the Continuing Education Symposium series is to provide an interactive environment to enhance your knowledge in the field of toxicological, discovery, clinical, experimental, or veterinary pathology. The Continuing Education Symposiums are designed to refresh participants' knowledge and understanding of core principles, as well as discuss any important recent advances.

Continuing Education Symposium Description:

This Continuing Education Symposium will give you the opportunity to learn about species differences in the male reproductive tract, spermatogenesis and how to stage the spermatogenic cycle in rats, staging other species and species difference in testicular anatomy and histology, issues for consideration in regulatory toxicity studies, tumours of the male reproductive system, and pathology and toxicology of the male reproductive system in fish. We will also have practical sessions on staging, identifying different responses to injury, background pathology and sexual maturity, and the evaluation of data and slides from case studies. You will have direct access to international key speakers and exposure to a wide variety of case studies.

Who should attend:

The Continuing Education Symposium programme is intended for toxicological and discovery pathologists (and other scientists working with animal models), clinical pathologists and toxicologists including non-clinical regulatory scientists. As well as providing CPD for experienced members of the profession, the symposium is open to students/residents and those at the start of their pathology career. The aim is to make the content relevant to both those who have been working for a number of years and who feel they can benefit from an update (as well as contributing their experience to the group discussions that will take place) and those who are in the early stages of their careers.

Delegate Information:

Access to the downloadable symposium materials and Zoom login information will be provided to all those who have registered up to one week in advance of the symposium. The delegate information will be available via OneDrive, DropBox, WeTransfer and Box, if you are unable to access any of these file sharing platforms, please advise with details of what file sharing platforms you can access.

Continuing Professional Development:

Approved by the Royal Society of Biology for the purposes of CPD, this event may be counted as approximately 53 credits.

Approximately 17.5 hours of educational activity will be recorded on Attendance Certificates. For those delegates who wish to self-accredit for CPD, proof of attendance should be retained for this purpose.

Registration Fees:

Registration fees are for full attendance (6 afternoons) and no discount will be given for part attendance.

Registration Fees:

Registration Fees	Early Registration Fee – up to 3rd June 2022	Standard Registration Fee – after 3rd June 2022
BSTP Member	£500.00	£600.00
Non-Member	£600.00	£700.00
Trainee/Early Career Pathologists *	£250.00	£300.00
BSTP Member Group Fee #	£400/person	£500/person
Non-Member Group Fee #	£500/person	£600/person

* A letter/email from a Head of Department confirming status must accompany the registration form
3 or more of the same group type and from the same company, completed registration forms should be emailed together

To benefit from the early registration fee, your registration form and payment MUST be received no later than 3rd June 2022, after which time the standard fee will apply.

Payment Method:

All bookings for the meeting must be paid in full by 17th June 2022. An invoice will be sent to you to enable payment by credit card, or alternatively you can pay by Bank Giro Credit/Faster Payment/Bill Payment/Bank Transfer/International Payment (**in GBP, free of any bank or currency exchange rate charges**).

Cancellation:

All requests for cancellations to bookings must be received in writing by midnight on 3rd June 2022. Refund requests will incur a £50 processing fee. Refund requests received after 3rd June 2022 will not be processed.

BSTP Booking Terms and Conditions:

When registering for this event, you will be required to read and accept the BSTP Booking Terms and Conditions.

By registering for this symposium, you are agreeing to the [BSTP Privacy Policy](#). You may opt in or out of email communications from the BSTP at any time.

Timelines:

March 2022

3rd June 2022

Up to 3rd June 2022

After 3rd June 2022

17th June 2022

Registration opens

Early booking fee ends

Cancellations can be made

No refund on cancellations

Registration closes

Opportunities for Early Career Pathologists – 2022:

The BSTP are able to offer at least one free place bursary on each of our Continuing Education Symposiums (CES).

Applications are invited from interested members and non-members of the BSTP, applications (whether successful or not) for previous BSTP events are also welcomed.

Priority will be given to individuals working within an “early career” environment, for example, stipendiary students/researchers studying/working within a relevant scientific field, veterinary pathology residents and professional trainee pathologists working towards a professional qualification or gaining more experience within the field of toxicological pathology.

In addition, if the successful candidate is not already a member of the BSTP, they will also receive up to 12 months membership of the BSTP.

The deadline for applications for CES 6: Male Reproductive will close on Friday 27th May 2022.

Virtual Continuing Education Symposium 6: Male Reproductive System

5th – 14th July 2022

Tuesday, Wednesday and Thursday

13.00 – 16.30/17.00 (GMT+1, London/UCT+1)

CES 6 will be held over two weeks - on the afternoons of Tuesday 5th, Wednesday 6th, Thursday 7th, Tuesday 12th, Wednesday 13th and Thursday 14th July 2022, from 13.00 – 16.30/17.00 (GMT+1, London/UCT+1) each day.

Approved by the Royal Society of Biology for the purposes of CPD, this event may be counted as approximately 53 credits. Approximately 17.5 hours of educational activity will be recorded on Attendance Certificates.

PROVISIONAL PROGRAMME

Week 1	
Tuesday 5th July 2022	
13.00 - 13.15	Welcome and Introduction by the Scientific Organiser <i>Sean McKeag, Labcorp Early Development Laboratories Ltd, UK</i>
13.15 - 14.30	Spermatogenesis and how to stage the spermatogenic cycle in rats <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
14.30 - 14.45	Break
14.45 - 15.30	Practical session on staging testes in H&E and PAS-stained sections <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
15.30 - 16.15	Staging other species (dog, NHP and minipig) and species differences in testicular anatomy and histology <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
16.15 - 16.30	Q&A Session
Wednesday 6th July 2022	
13.00 - 13.05	Introduction by the Scientific Organiser
13.05 - 14.00	Comparative physiology, morphology and endocrinology of the male reproductive system <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
14.00 - 14.15	Break
14.15 - 15.15	Mechanisms of toxicity and response to injury - Part 1 <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
15.15 - 16.15	Practical session on identifying different responses to injury <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
16.15 - 16.30	Q&A Session
Thursday 7th July 2022	
13.00 - 13.05	Introduction by the Scientific Organiser
13.05 - 14.00	Mechanisms of toxicity and response to injury - Part 2 <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
14.00 - 14.15	Break
14.15 - 15.15	Practical session on identifying different responses to injury <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
15.15 - 16.15	Pathology and toxicology of the male reproductive system of fish <i>Jeff Wolf, Experimental Pathology Laboratories Inc, USA</i>
16.15 - 16.30	Q&A Session

You are advised that the programme timings, lecture title and speakers may be subject to change without notice.

PROVISIONAL PROGRAMME

Week 2

Tuesday 12th July 2022

13.00 - 13.15	Welcome and Introduction by the Scientific Organiser <i>Sean McKeag, Labcorp Early Development Laboratories Ltd, UK</i>
13.15 - 14.15	Issues for consideration in regulatory toxicity studies: Study design, recovery periods and background pathology <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
14.15 - 14.30	Break
14.30 - 15.30	Issues for consideration in regulatory toxicity studies: Sexual maturity status <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
15.30 - 16.30	Practical session on background pathology and sexual maturity <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>

Wednesday 13th July 2022

13.00 - 13.05	Introduction by the Scientific Organiser
13.05 - 14.05	Practical approaches to investigating and interpreting male reproductive toxicity and its relevance to man <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
14.05 - 14.20	Break
14.20 - 15.20	Tumours of the male reproductive system <i>Catherine Ross, Labcorp Early Development Laboratories Ltd, UK</i>
15.20 - 15.50	CASA <i>Richard Abba, Labcorp Early Development Laboratories Ltd, UK</i>
15.50 - 16.20	Pathology of the male reproductive tract of rabbits and hamsters <i>Catherine Ross, Labcorp Early Development Laboratories Ltd, UK</i>
16.20 - 16.30	Q&A Session

Thursday 14th July 2022

13.00 - 13.05	Introduction by the Scientific Organiser
13.05 - 14.05	Practical session evaluating data and slides from Case Studies of testicular toxicity <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
14.05 - 14.20	Break
14.20 - 15.00	Practical session evaluating data and slides from Case Studies of testicular toxicity <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
15.00 - 16.05	Discuss interpretation of Case Studies of testicular toxicity <i>Dianne Creasy, Dianne Creasy Consulting, UK</i>
16.05 - 16.20	Q&A Session on overall programme
16.20 - 16.30	Closing remarks by the Scientific Organiser

You are advised that the programme timings, lecture title and speakers may be subject to change without notice.

JOIN US IN 2022 FOR:

37th Annual Scientific Meeting of the BSTP & AGM – Digital Pathology and Mouse Pathology Workshop
Thursday 10th & Friday 11th November 2022
Harrogate, North Yorkshire, UK

Continuing Professional Development: *Royal Society of Biology CPD credits will be applied for.*

We are delighted to invite you to attend the Digital Pathology and Mouse Pathology Workshop (in collaboration with Pathology Society of Great Britain) which will be held on 10th and 11th November 2022 in Harrogate, UK. This conference will give you the opportunity to join a talented digital pathology community in person following a long absence of face-to-face gatherings. You will get direct access to international key opinion leaders, cutting-edge (or pre-event) workshops & discussions, Pharma/Biotech case studies, keynote lectures, and an innovating poster session. Digital pathology areas include nonclinical solutions for drug development, clinical learning-based diagnostic tools, digital image analysis solutions, quality management with regulatory compliance, digital peer review, digital primary slide reading, deep learning-based artificial intelligence concepts and much more.

The Mouse Pathology Workshop will aim to have a mix of talks to enable those in the early stages of their career to learn about pathology basics.

You will be able to create new collaborations and build on existing partnerships across industry & academia.

For up-to-date information, keep checking:

Other BSTP events:

Virtual CES 7 – Infectious Diseases of Laboratory Animals

14th – 23rd March 2023

Tuesday, Wednesday and Thursday

13.00 – 16.30/17.00 (GMT+0, London/UCT+0)

CES 7 will be held over two weeks - on the afternoons of Tuesday 14th, Wednesday 15th, Thursday 16th, Tuesday 21st, Wednesday 22nd and Thursday 23rd March 2023, from 13.00 – 16.30/17.00 (GMT+0, London/UCT+0) each day.

This CES will cover infectious diseases of laboratory animals in a variety of animal species, regulatory concerns, and workshops/case presentations.

Virtual CES 8 – Nervous System

4th – 13th July 2023

Tuesday, Wednesday and Thursday

13.00 – 16.30/17.00 (GMT+1, London/UCT+1)

CES 8 will be held over two weeks - on the afternoons of Tuesday 4th, Wednesday 5th, Thursday 6th, Tuesday 11th, Wednesday 12th and Thursday 13th July 2023, from 13.00 – 16.30/17.00 (GMT+1, London/UCT+1) each day.

This CES will cover the rodent and non-rodent nervous system; INHAND – neoplastic and non-neoplastic lesions of the central and peripheral nervous system, regulatory concerns, and workshops/case presentations.

The latest edition of BSTP's [Guide to Educational Activities](http://www.bstp.org.uk/events/bstp-events/) is available on the BSTP Website, or visit <http://www.bstp.org.uk/events/bstp-events/>

BSTP BOOKING TERMS & CONDITIONS

1. All requests for cancellations to bookings must be received in writing by 3rd June 2022. Refund requests will incur a £50 processing fee. Refund requests received after 3rd June 2022 will not be processed.
2. To take advantage of the group rate, your completed registration forms must be sent to bstpsecretariat@gmail.com, all three forms (or more) should be returned at the same time.
3. The BSTP reserves the right, under exceptional circumstances to change the date of the symposium, where possible maximum notice will be given to those that register for the symposium.
4. The BSTP reserves the right, under exceptional circumstances to change the lecturers and the timings of the programme without notice.
5. If, for any reason (such as inadequate numbers of registrants), the symposium is not run, where possible maximum notice (**at least 4 weeks before the start of the event**) will be given to those that register for the event and any registration fee will be refunded in the first instance by credit note.
6. The views expressed by the invited speakers are not representative of BSTP views or policy.
7. Whilst every effort is made to try and provide copies of speaker's presentations/handouts by whatever format, the BSTP are unable to guarantee that individual speakers will make their presentations available to delegates.
8. By registering for this symposium, you are agreeing to the [BSTP Privacy Policy](#). You may opt in or out of email communications from the BSTP at any time.
9. Details of any problems, queries or complaints regarding the symposium which cannot be included on the feedback survey are to be submitted in writing to the Education Sub-Committee Chairperson within 14 working days of the symposium.

Here are 5 reasons why you should attend virtual events organised by the BSTP:

Networking – contact with the speakers and benefit from their experience.

Easy access and inclusivity – with current travel restrictions, delegates who live in other parts of the world and would not otherwise be able to travel to the UK can now attend.

Sustainability – attending the event from home or your office means fewer planes, trains and cars which helps reduce everyone's carbon footprint.

Cost effective – no travel and accommodation for you to book adding to the cost of the event.

Reduced logistical effort – saving time both for you (you will not be away from your family) and anyone who organises your travel and accommodation.

So, break out of your comfort zone to learn something new and invest in yourself to improve your employment opportunities!
