

BRITISH SOCIETY OF TOXICOLOGICAL PATHOLOGY

CONTINUING EDUCATION SYMPOSIUM 6: NERVOUS SYSTEM

Cambridge

Tuesday 19th - Thursday 21st July 2016

17.5 hours of educational activity will be recorded on Attendance Certificates

PROVISIONAL PROGRAMME

Tuesday 19th July 2016	
INHAND	
08.45 - 09.15	Registration
09.15 - 09.30	Introduction by the Scientific Organiser <i>Catherine Sutcliffe, Covance Laboratories Ltd, UK</i>
09.30 - 10.30	Tissue trimming guidelines & structure/function correlations in the rodent & non-rodent nervous systems <i>Brad Bolon, GEMpath Inc., USA</i>
10.30 - 11.00	Break
11.00 - 12.00	Neurocytology, artefact & special stains <i>Bob Garman, Consultant in Veterinary Pathology, USA</i>
12.00 - 13.00	Lunch
13.00 - 14.00	Neurochemistry <i>Bob Garman, Consultant in Veterinary Pathology, USA</i>
14.00 - 15.00	INHAND nomenclature - non-neoplastic & neoplastic lesions of the CNS <i>Alys Bradley, Charles River Laboratories, UK</i>
15.00 - 15.30	Break
15.30 - 16.30	INHAND nomenclature - non-neoplastic & neoplastic lesions of the PNS <i>Alys Bradley, Charles River Laboratories, UK</i>
16.30 - 17.00	Workshop - case presentation <i>Discussion cases sent by participants</i>

Wednesday 20th July 2016	
TOXICOLOGY	
09.00 - 09.45	Animal models of key CNS disorders <i>Brad Bolon, GEMpath Inc., USA</i>
09.45 - 10.30	Neuroanatomy & neuropathology at the microscopic level – rostral rodent brain <i>Bob Garman, Consultant in Veterinary Pathology, USA</i>
10.30 - 11.00	Break
11.00 - 12.00	Neuroanatomy & neuropathology at the microscopic level – caudal rodent brain <i>Bob Garman, Consultant in Veterinary Pathology, USA</i>
12.00 - 13.00	Lunch
13.00 - 14.00	Evaluation of the CNS & PNS in non-clinical studies <i>Brad Bolon, GEMpath Inc., USA</i>
14.00 - 15.00	Miscellaneous topics – DNT studies, stereology & glymphatic pathology <i>Bob Garman, Consultant in Veterinary Pathology, USA</i>
15.00 - 15.30	Break
15.30 - 16.15	Global regulatory guidelines for adult & developmental neurotox studies <i>Brad Bolon, GEMpath Inc., USA</i>
16.15 - 17.00	Workshop - case presentation <i>Discussion cases sent by participants</i>

You are advised that the programme timings, lecture title and speakers may be subject to change without notice

PROVISIONAL PROGRAMME

Thursday 21st July 2016	
EYE and EAR	
09.00 - 09.45	Eye <i>Peter Clements, GlaxoSmithKline, UK</i>
09.45 - 10.45	Eye <i>Peter Clements, GlaxoSmithKline, UK</i>
10.45 - 11.15	Break
11.15 - 12.15	Workshop - Eye <i>Discussion cases sent by participants</i>
12.15 - 13.15	Lunch
13.15 - 14.00	Ear & vestibular system <i>Andrew Forge, UCL Ear Institute, UK</i>
14.00 - 14.45	Ear & vestibular system <i>Andrew Forge, UCL Ear Institute, UK</i>
14.45 - 15.15	Break
15.15 - 16.15	Workshop: Ear & vestibular system <i>Andrew Forge, UCL Ear Institute, UK</i>
16.15 - 17.00	Workshop: Case Presentation <i>All</i>
17.00	Closing remarks by the Scientific Organiser

You are advised that the programme timings, lecture title and speakers may be subject to change without notice
