

The IFSTP has established a trainee award for PhD students training in toxicologic pathology. The IFSTP will fund an award in the amount of \$750USD, which can be used by the successful student for travel or registration costs to attend a conference of a regional society of toxicologic pathology.

We would like to offer this award to a deserving student at the forthcoming joined ESTP/BSTP Congress in Surrey, United Kingdom, September 22-25, 2015. The successful applicant should have demonstrated achievements in the field of toxicologic pathology and should be prepared to present a poster at the conference.

IFSTP will prepare an award certificate and a check to be presented to the award recipient by an IFSTP representative at the awards ceremony during the conference.

Young colleagues interested in applying for the IFSTP Trainee Award are kindly invited contact the ESTP 2015 Scientific Organizing Committee and submit their application to [estpcongress@gmail.com](mailto:estpcongress@gmail.com).

Required application materials include:

- *Proof of registration as a PhD student from your university*
- *The CV of the applicant*
- *Poster abstract presented at the 13<sup>th</sup> ESTP Congress*

The successful applicant should have demonstrated achievements in the field of toxicologic pathology and will present a poster at the conference.

Deadline for application is September 4, 2015

We look forward to receiving your application and to meeting you in Surrey in September.

Sincerely,

Takanori Harada  
President

### **About the IFSTP**

IFSTP (International Federation of Societies of Toxicologic Pathologists) is a confederation of ten national and regional societies of toxicologic pathology ([STPs](#)) representing scientists from around the globe. The IFSTP's stated role is to build, integrate and set standards in toxicologic pathology. Its activities are controlled by the member STPs, which provide funds and volunteers to conduct IFSTP functions.
