

STP 43RD ANNUAL SYMPOSIUM

BALTIMORE, MARYLAND • JUNE 16–19, 2024

Innovative Therapeutics: Biology, Toxicologic Pathology, and Regulatory Perspectives

Dear Colleague,

The Society of Toxicologic Pathology (STP) is seeking to broaden its membership by reaching out to scientists and students (veterinary/residents/graduate) involved or interested in safety assessment, teaching, or research in toxicologic pathology/toxicology, and inviting them to join the STP and attend our 43rd Annual Symposium to be held in Baltimore, Maryland, from June 16–19, 2024. The theme for the 2024 Annual Symposium is "Innovative Therapeutics: Biology, Toxicologic Pathology, and Regulatory Perspectives," and promises to be another dynamic meeting with excellent scientific sessions, career development and continuing education courses, and many networking opportunities.

Only this year: Due to the topic and location of this symposium, the STP has decided to make **1-day registration for local government employees FREE**.

To help us reach scientists and students at your institution with a variety of backgrounds and research interests, we kindly ask that you post our Annual Symposium (see below) in your departmental newsletter and/or continuing education section of your Website. Alternatively, please forward this information to the appropriate person or provide us with the contact information.

Please note that there are several different opportunities for **students** to apply for monetary awards through the generous Student Awards program. The deadline for most awards is **March 30**. See individual award details for nomination/application and selection processes. Registration fees are waived for active STP student members. Nonmember students who apply by **April 1** for STP student membership (\$25 annual dues) and are approved can also register for free. In addition, *nonmember meeting registrants who apply for membership by July 1 and are accepted will receive complimentary membership for the remainder of 2024*. Please visit www.toxpath.org to apply for membership.

Important Deadlines

- Abstract Submission Deadline: **March 30**
- Student Awards Application Deadline: **March 30**
- Early Bird Registration Deadline: **April 30**

Student Awards and Grants (Deadline: March 30)

(www.toxpath.org/am2024/awards.asp)

- Student Travel Grants
- STP Young Investigator Awards
- STP Environmental Toxicologic Pathology SIG Student Research Award
- The Daniel Morton and Laura Dill Morton Scholarship (*Deadline: November 1, 2024*)
- IATP/STP Charles Capen Trainee Award (*Deadline: November 1, 2024*)

For the Web:

SOCIETY OF TOXICOLOGIC PATHOLOGY (STP) 43RD ANNUAL SYMPOSIUM

We are excited to bring the 43rd Annual Symposium of the Society of Toxicologic Pathology to Baltimore, MD, from June 16-19, 2024. The theme of the meeting is "**Innovative Therapeutics: Biology, Toxicologic Pathology, and Regulatory Perspectives**". We are fortunate to be living in an era of enormous scientific advancements that are paving the way for the discovery, development, and approval of novel drug molecules including viral vector-based gene therapies, cell-based therapies, RNA-based therapies, and protein degraders. Furthermore, advancements in drug delivery systems are on the rise. These developments will be discussed at the conference, so prepare to be enthralled by what is in store for you. **In addition, there will be a free one-day registration for local regulatory professionals.** I encourage you to visit the [Annual Symposium website](http://www.toxpath.org) for additional information and to review the preliminary program.

Thank you very much.

Best regards,
STP Membership Committee
